

REMARKS

Applicant would like to thank the Examiner for the careful consideration given the present application. Applicant would also like to thank the Examiner for his time and for the indication that claims 34-36 are allowable. The application has been carefully amended to more clearly and particularly describe the subject matter which applicant regards as the invention.

Claims 2-13, 15-30, 32, 34-36 are pending in the current amendment. By the present amendment, claims 1, 14, 31, and 33 are being canceled and claims 2-4, 6-9, 11-12, 15-20, 22-30, and 32 are currently being amended. As such, it is now respectfully submitted that each of the claims 2-13, 15-30, 32, 34-36 are in condition for allowance.

Claim 29 was objected to on page 2 of the Office action. Claim 29 is currently being amended to correct the claim to properly depend from claim 28.

The remaining claims are currently being amended to depend from the independent claims 34-36, which are already in allowable form. Accordingly, it is respectfully submitted that each of the claims 2-13, 15-30, 32, 34-36 are in condition for allowance as each claim depends from claims 34, 35, or 36 which are each in condition for allowance.

In light of the foregoing, it is respectfully submitted that the present application is in a condition for allowance and notice to that effect is hereby requested. If it is determined that the application is not in a condition for allowance, the Examiner is invited to initiate a telephone interview with the undersigned attorney to expedite prosecution of the present application.

If there are any additional fees resulting from this communication, please charge same to our Deposit Account No. 16-0820, our Order No. TSW-36641.

Respectfully submitted,
PEARNE & GORDON LLP
